For over 35 years Rol-Brush Manufacturing has manufactured paint rollers. From components to finished product we have produced only the highest quality products.

Our product line is not limited by the catalog representations listed here. We can and do make specialty products for a variety of industrial and commercial purposes.

The homeowner, retailer and industrial user can find a complete selection within the catalog. We welcome inquiries for customized applications.

Our commitments to quality, service, and dependability will continue. We thank you for your past patronage and welcome our new customers to our current program.

Chief Executive Officer
